

**THE MOST POWERFUL
GROUP PURCHASING
PROGRAM IN GOLF**

Put our buying power to work at your golf operation

What club operator doesn't want to save money on goods they buy every day?

ClubBuy from GOLF Business Solutions is a proven and growing group purchasing program for materials, equipment, services, food — virtually every key purchase a club operation needs to make.

What began as a way to extend our parent company's awesome buying power to the food and beverage purchases our course partners make has expanded into new categories including agro, technology, fresh produce and much more.

Let us demonstrate how ClubBuy can save you anywhere from 6% to 35% on purchases major and minor, recurring or one time.

How do we do it?

1

Deliver value to our partners

2

Use our Premier, Inc. partnership to help clubs be more competitive and profitable.

3

Save you time and money

Awesome purchasing power, serious savings

For many golf courses, food and beverage is the most frequent and often the most challenging expense category. Balancing cost with quality and service is critical to running a successful operation.

With ClubBuy, operators can take advantage of savings combined with quality and inventory management.

GO BIG WHEN YOU CAN, STAY SMALL WHEN YOU WANT

ClubBuy helps course operators save by leveraging the buying power of Comcast and Premier, an industry-leading supply chain management GPO. Premier's partnership with US Foods opens up a network of more than 60 distribution centers nationwide, ensuring your next delivery is never too far away.

Many clubs like to stay local, especially when it comes to produce. ClubBuy's local produce program serves up the best and freshest food in your area.

SIMPLE AND CONVENIENT ONLINE ORDERING

The US Foods online ordering system comes complete with delivery tracking, business analytics, and a simple-but-clever "Menu Profit Builder." You can place your orders 24/7 and choose from more than 200 national brand programs and over 55,000 different food and paper products.

SAVINGS SERVED UP DAY AFTER DAY

Better prices result in significant savings, and your program may also qualify for rebates of an additional 1-2% back to you.

Ask your Market Sales Manager for details about ClubBuy's entire food and beverage offering. Your chef will appreciate the quality, and your finance team will love the savings.

Save big on agro products, too

The buying power that is the hallmark of ClubBuy includes another significant purchasing category. Our broad selection in agronomy features more than 500 products from our partner SynaTek's comprehensive catalog. And SynaTek's distribution coverage is expansive and dependable, making it easy to get what you need when you need it.

DON'T STRESS

ClubBuy allows you to reduce risk and save money at the same time thanks to SynaTek's unique product swap program. Your course will benefit from exclusive pricing without being locked in by weather or pesky insect challenges. That's a relief, right?

Ask your Market Sales Manager for details about ClubBuy's agro program.
This could make course superintendents as popular in accounting as they are with golfers.

Get even more with ClubBuy

From its early beginnings in F&B, ClubBuy has grown into a full group purchasing program, unrivaled in the savings we deliver our course partners. In addition to food and beverage and agronomy, there's a growing list of participating products and services, including:

-  Cellular voice and data services
-  Office supplies
-  Auto rentals
-  Pest services
-  Freight and shipping
-  New fresh local produce program
-  Furniture and accessories

Ask your Market Sales Manager for details about ClubBuy's complete list of offerings in virtually every purchasing category or visit clubbuy.com/clubhouse to learn more.

What does it cost to save 6% to 35% with ClubBuy?

ClubBuy is free to join and free to use. ClubBuy costs no more than the time you invest to learn how to save. Let us demonstrate via audit how much ClubBuy can help your business. You have nothing to lose and big time savings to gain.
